US AIRWAYS SELECTS AEROFRAME SERVICES FOR A330 AIRFRAME MAINTENANCE

LAKE CHARLES, La. -- AEROFRAME announced today that US Airways has selected its Lake Charles operation for airframe base maintenance on its A330 aircraft beginning in October 2010. Aeroframe has been providing maintenance for all Airbus products since 2005 when the facility was purchased from EADS.

CEO for Aeroframe Roger Porter stated, "This marks the beginning of an extremely important relationship with one of the leading U.S. Airlines and a significant expansion of our services in the Lake Charles area."

Aeroframe has made significant investments in tooling and docking for the 530,000 square foot facility to support A300, A310, A318, A319, A320, A321, A330 and A340 Airbus aircraft.
